Francina is smiling...but what is she really thinking?

Maria needed an occasional nap.

PDSD was my 2nd home. I've been in this school since I was in pre-school. This school has helped me grow to the person that I am now. I'll miss coming to PDSD, seeing my friends, especially those who I've been with since we were little kids. I'll miss playing basketball with teammates the most. I'll never forget the moment when I first came to PDSD, I was nervous and scared. I only spoke Spanish, lucky there was a teacher who spoke Spanish and helped me become a better student. I'll miss everyone. Thank you for what you've done to me. I'll miss you!

Jessica Diaz

I've been here 15 years. PDSD will always be my second home. I've been through many struggles in education and sports. But I continue to work hard with teachers', coaches', and friends' help. I will never forget about them especially Diana my kindergarten teacher and Dawn my first grade teacher. I am thankful they were here. I will never forget playing volleyball. It helped me so much with education. I've been going through the experience to succeed and be a good role model for the other students. Now I'm ready to have a college experience and be in the real world. Students who are still here--stay in school! I also want to thank my dad for finding this school and my mom who motivates me.

Jonathan Wu

I was a new student at PDSD, four years ago. I enjoyed PDSD every year. I liked math, science, yearbook, and P.E. Jeff helped me learn to be a manager for football and basketball. I will miss you all. Thank you to Mason for helping me sometime. Thank you to all teachers for teaching math+ English for 4 years, history + science for 4 years, yearbook for 2 years, reading for 1- 1/2 years and vocational education + P.E for a year. Thank you to staff, I enjoyed Jr. NAD for 2 years. Thank you all teachers and staff.

I picked up my cap and gown that is supposed to help me remember the good ol' days, but some of the things that I remember most can't be put on paper. The day finally comes, and I sit here with all of the friends that I have made over the years, I look at my family and deep down I know that this is a once in a lifetime moment. I look back on my time with these people, and realize that it is short-lived however it's not the end. In fact, everything is just the beginning. They call my name, my tassel is turned, and I get a diploma of my achievements. Then I say good-bye to my friends, my teachers, and PDSD. I know I can always come back to visit, but there will be strangers in the hallways, and it won't be the same. It will be different, and I will be different. One thing remains the same; there will always be a place in my heart for Phoenix Day for the Deaf.

Gaby Flores

If I were to write a list to thank people, we would be here all day! I want to thank students, friends, teachers, and staff for being a part of my life. There are some people I'd like to mention who I consider my mentors and have always been there for me when I needed it. Sandi Fisher, Amy King, Jon Howell. I would also like to thank the teachers in my early childhood days because they're the ones who instilled my love for education and learning. As for my special memories, I have three words London, Paris, and Rome! Enough said. I wish everyone well and I give my last hurrah to the class of 2010 we survived! But it doesn't end there, we still got a long way to go!

Francisco Garcia

I will miss my "second home" at PDSD! I will always remember my basketball practices that I worked and played very hard. I enjoyed science lab. I want to thank every teacher and the vocational staff who helped me.

LETTER FROM ASDB SUPERINTENDENT

Students, Parents, Staff

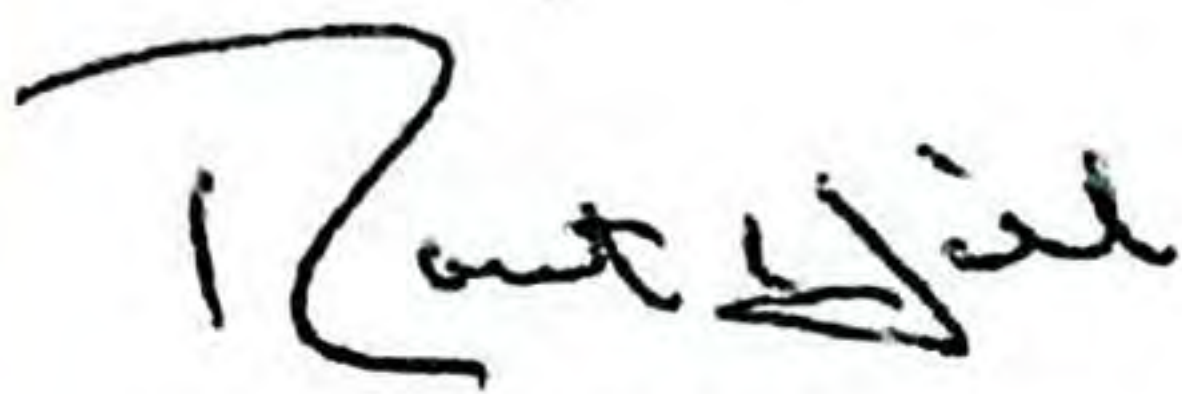

This has been an exciting year! I want to take a moment and thank each and every student, staff and parent at PDSD.

I especially want to acknowledge the Senior's. You have all worked hard and accomplished much; not the least of which will be your diploma when you walk across the stage at graduation. To each and every one of you, "Always, always, always remember what you have learned at PDSD." I don't mean that $2 \times 2 = 4$, or even that Abraham Lincoln wrote the Gettysburg address. I do mean the things you struggled with or even failed the first time you tried. You kept trying, kept pushing yourself to discover and accomplish new things and not allow failure. That is how we learn from our mistakes.

So, before you is 'Life'....Remember, "Never accept failure."

You are all achievers! YOU are all Roadrunners!!!!

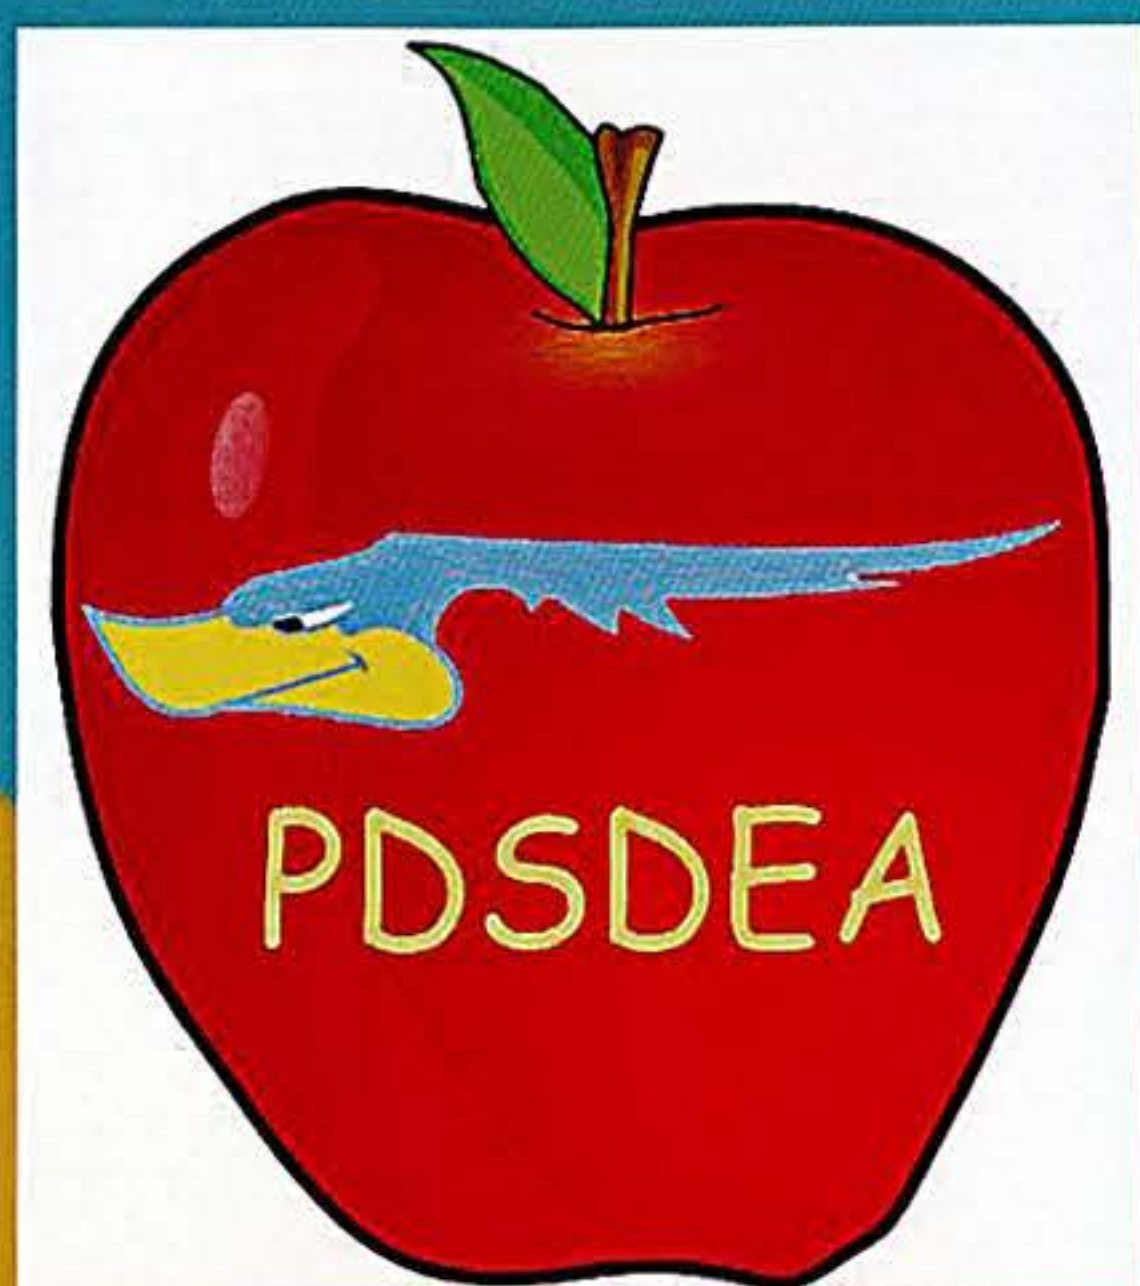

Sincerely,

Robert Hill, Ed.S.
ASDB Superintendent

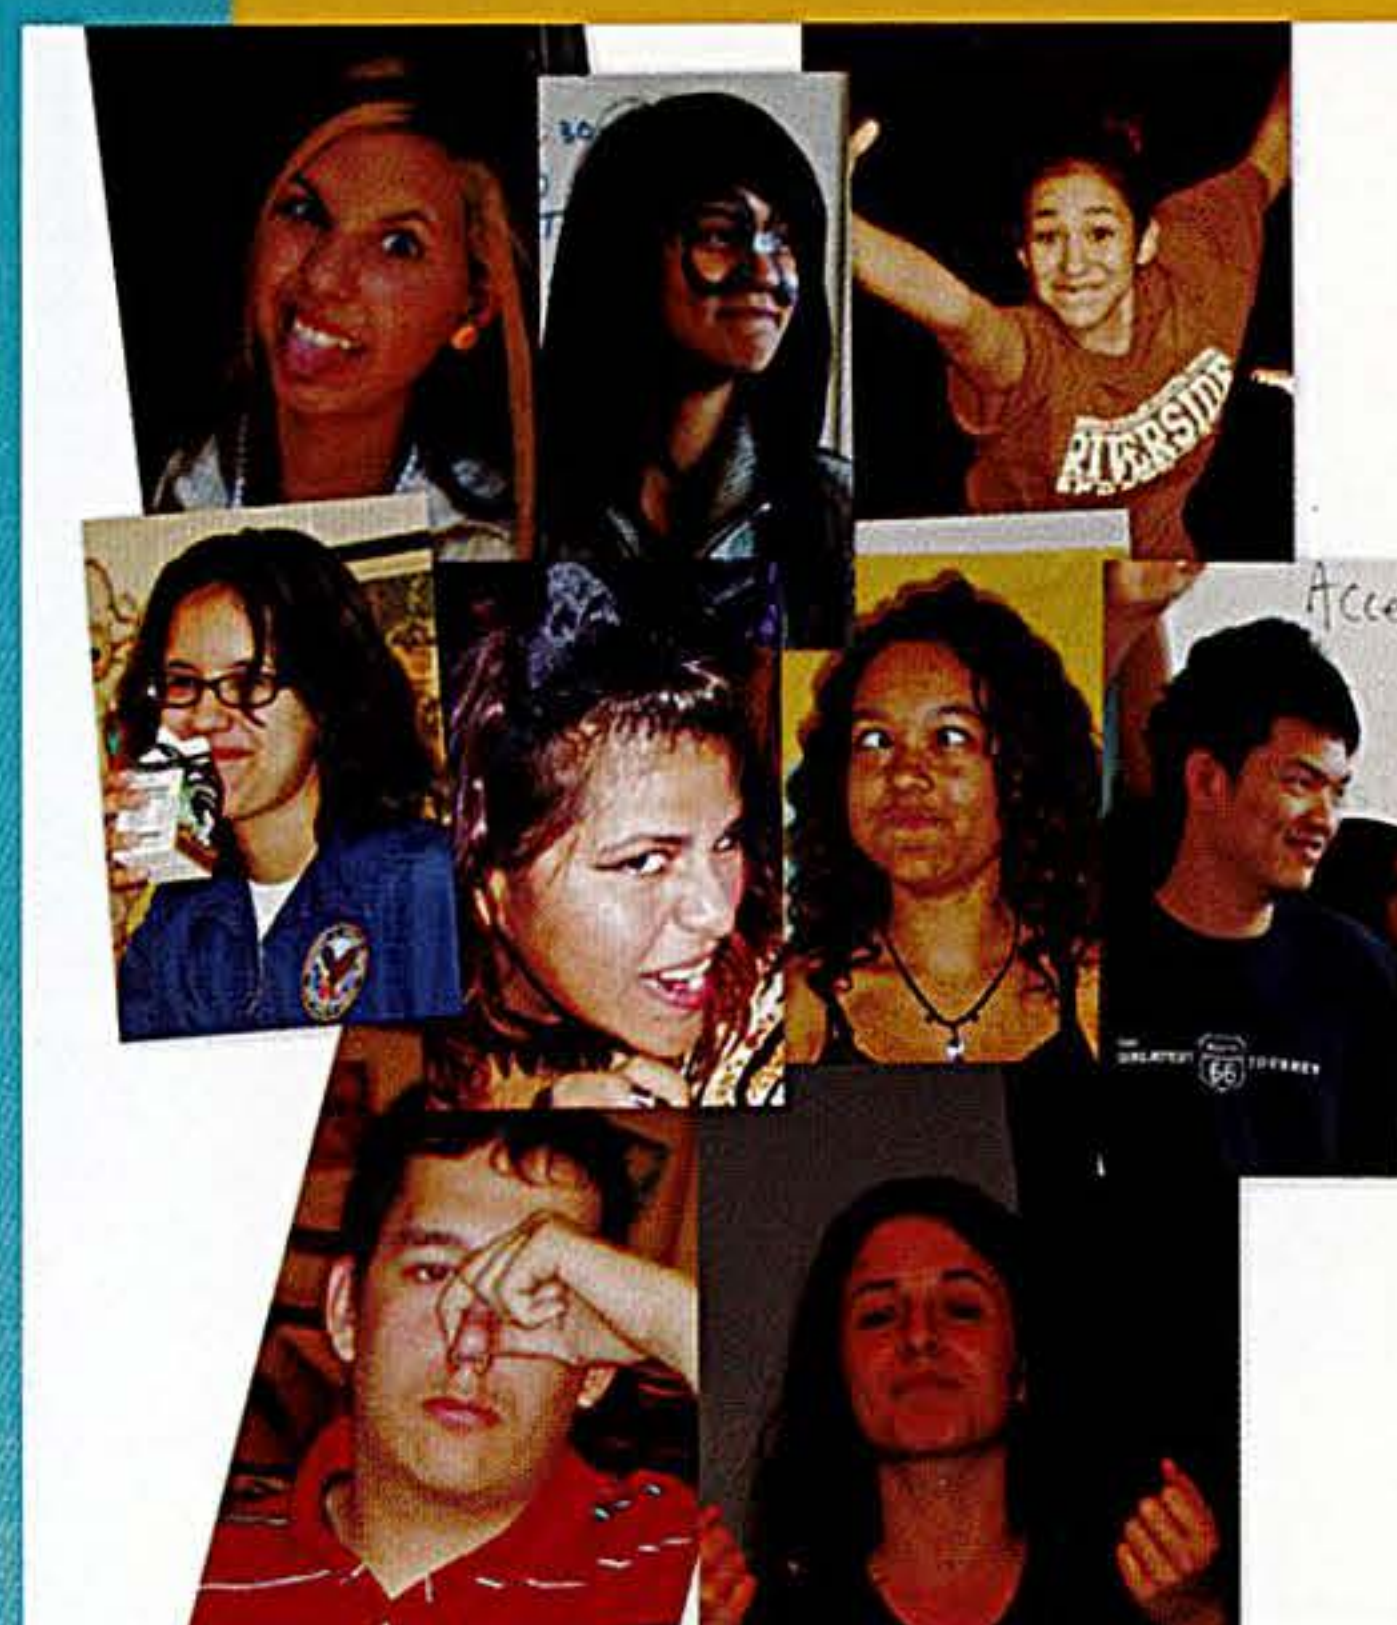

Congratulations to the

Our beautiful ballerina is now all grown up! You may be last to leave the nest and things will become challenging, but never forget the your family is always right behind you. You will experience many change as you move on from high school, including leaving Sassy behind, but fret not - you will find new things to hold onto. We wish you best of luck pursuing your career at Gallaudet University.
